Pretty much the majority are all edgy. Idk why lol

(Tbh, I use to make edgy art and animation on bfb, though it sucks lol)

I'm leafy and I'm evil even tho in Canon I'm very nice n shit
I kill everybody for no reason (there may be lolololoooool)
And I like Firey ya.

Also if you like to do edgyshit And stuff And youre proud of it..keep up the great work my guy :)))

I just don't know.. I feel like the whole leafy thing being evil And her loving Firey just seems overrated. Idk why it's my opinionlol

And yeah so uh bye

Shiwwma.

Why does clock get killed in Bfb Au edgyshit, like. Why.

Clock is mostly kill by liy, or leafy.

Idk why, I think that clock in Bfb au(s) has no meaning to him. When it get to part when clock shows up he gets killed. LIKE ESCALATED SO QUICKLY. (Some aus clock has a meaning to him. Sometimes straight up forgets about him)

Clock deserves better.

Look at the pic at the top then read

How come in every au be like

When Four is evil **x** is missing

Or...

When X is evil four is weak and powerless.

"I'm Four and I have a big fat excuse which is..*drumroll* x is missing and I'm evil and I kill everyone"

Or

"I'm X and I'm evil and uh.... Nothing else but somehow I made four dumb and weak as hell"

Idk can we switch it up like,

when X is evil, have like Four missing

Or when Four is evil, make him abuse X or some shit.

Like get creative people. 👿👿👿👿👿👿

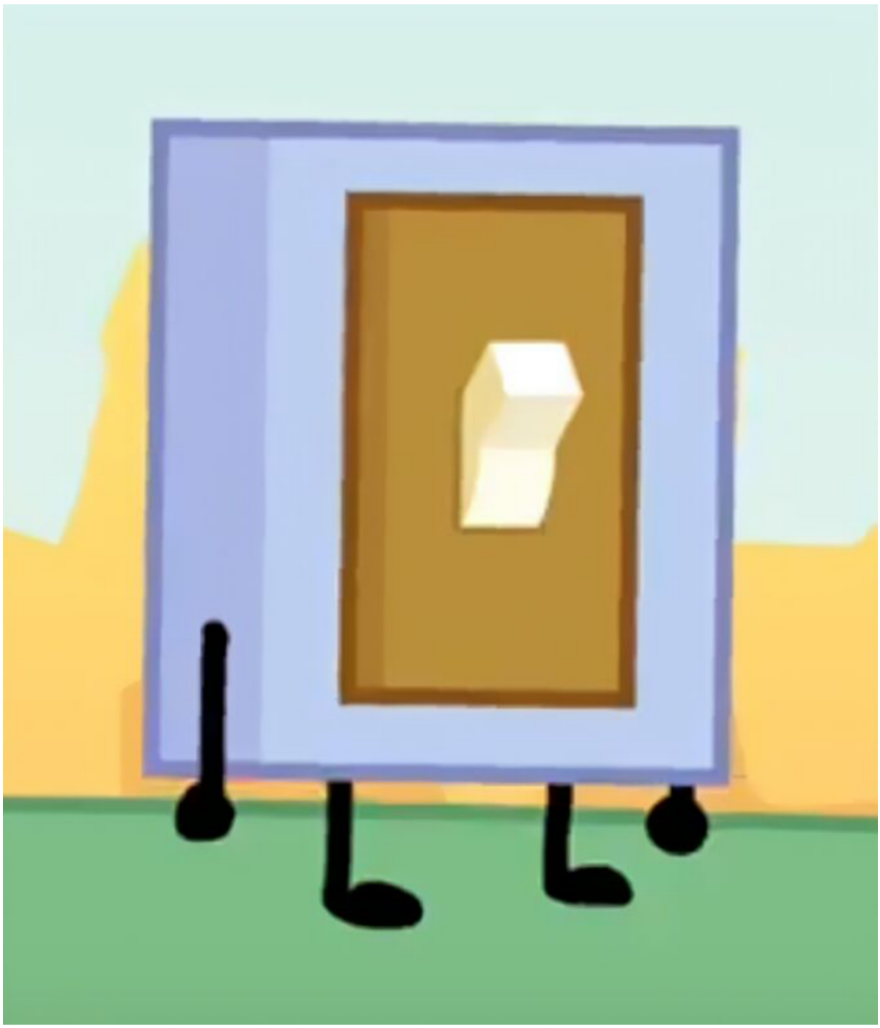
Why is Liy evil in like every Bfb au? Like it's overused at this point. (I even thought it was stupid back then when I'm like at a younger age.)

Many people thought she's evil just because she did this!



Like seriously????

"I'm liy and I'm evil because I when turn my switch I turn evil. Feeaaarr mmeeee."

Just please SHE EVEN FUCKING KILLS STAPY AND FOLDY

I'm so sorry lol

Just completely turned evil for no reason

In almost every Bfb au's has to have a failed experiment, made by fucking fatass which is TB and GB

" Oh no I can't fix this dumb experiment apparently even tho I'm really smart in Canon."

Just feels stupid to me when in general they are very smart and know what their doing, while in au's they are like
"shit what do I do now I failed an experiment ahh fuck it, the world sucks anyway."

I really don't know what to say about this one but....

TB AND GB ARE FUC STUPID LIKE CACA POPPY SHIT

Okay so....
when Leafy is like sad or depressed or some shit like that, why is she always metal???

"I'm leafy and I'm sad because someone rejected me and I can't handle rejections so uh fuck it, and eat fuckin yayol berries or what shit there called bc I'm sad as fuck. And I somehow get a knife and stab."

Honestly can't she react a different way or something?

Smh 😒😒😒

Hello losers, sorry for not updating the book, I've been busy and stuff.

Anyway, have you notice that yellow face has been evil in some Bfb memes/aus ? Like wha???? Like all of a sudden he has powers out of nowhere and for no reason. He's supposed to be selling stuff not do villain shit. And he is suppose to be nice and stuff.
Why would yellow face be evil???
This idea sounds sooooo dumb! Curse you someone who made this idea 😠😠😠😠😠😠😠😠😠😠😠😠😠😠😠😠 (I swear I gotta stop wit these emojis)

idk

I left this account for no reason. But sorry ig. I'll be making number 8 in a few. Give me some time to generate some ideas.

Ships
Some ships are good, and some ships are bad. But there are some ships that are overused and overused all of the time. The most overused ship, in my opinion, in the bfb community is fireafy (tell me if I said that wrong)
Fireafy is super overrated. It gets to the point that you cant escape it when youre looking for an au to read (for me)
Sure, it is technically Canon now, but even before, it was still an overused ship. I'm not saying you can't like the ship, but it's really overused imo.
The same goes with other ships like
Pin x coiny
Flower x ruby (I'm not that sure if it's that overused as much) and a bunch more.
But I can't blame the people who ship these because those two characters may seem like they make a good ship and they wouldn't make up a good ship with others as much as the other character that they are shipped with a lot. I understand that, but really, though, fireafy is such an overused ship. 😩👍 it's ok if you like it and want to make a story with it, but this is just my opinion

Also, I'm running out of ideas. If you wanna share an idea, yall can comment it, (I'll give credit if I use it) so anyways, what's yalls opinion, and what do you think is the most overused ship??

Hey, I just wanna promote something so here we are lol
